R E M A R K S

The claims of the application are now 1 through 24, 42 through 49, and 52.

Example 26 has been amended to bring it into accord with the corrected Example 26 of the parent application.

Herewith please find a Declaration by William R. Buckett, four (4) pages, dated October 15, 1984 with relationship to compounds of the Hoechst British Provisional specification

Boots 12 Cont II

973,887, cited in the parent application. These compounds were not found to have antidepressant activity and there is no suggestion of the presently-claimed compounds, or their valuable antidepressant activity, in the Hoechst reference.

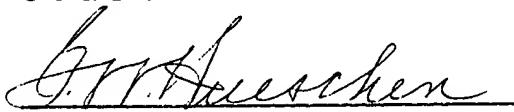

A Terminal Disclaimer with respect to the patent issuing on parent application Serial No. 365,285 will be timely filed in the event the Examiner considers it necessary.

All of the prior art cited in the parent application by the Examiner and by the applicants should be made of record herein, including the new references brought to the Examiner's attention on page 4 of the response dated September 10, 1984 and in the Second Additional Prior Art Statement dated November 2, 1984. Patent Office Forms PTO-1449 to effect this result are respectfully submitted herewith with the request that they be entered into the record of this application.

Entry of the present amendments and the Declaration and favorable action on the merits of this application are all hereby respectfully solicited.

Respectfully submitted,

G O R D O N W. H U E S C H E N
